Many More Trainloads of Elks Passing Through City Today—Salt Lakers Off for Convention City.

The Mentana Elks, in charge of James D. Bryan, delegate to the grand lodge, Charles Swartz and Thomas Kilgallan, and headed by the famous 30ston-Montana band of 42 pieces and led by Conductor S. H. Treloar, and a texas delegation 125 strong, with a cattering of about 100 eastern Elks, swooped down upon Salt Lake City this morning and all day were royally entertained by the hard working bunch from 85 who did not go to Los Ange-

The Montana delegation consists o 100 Elks and 60 women. They were whisked from the depot to the club house in automobiles and a light lunchon served. The famous band with a hundred or so following murched to the club house, rendering sweet music on the way. At the club house the band rendered the new "Colonial" march, and after refreshments the visthors were escorted to the tabernacle, where a special organ recital was giv-g. Prof. McClellan rendered four numhers on the great organ and the music was a source of wonder and pleasure to the visitors. Following the numbers on the organ the visiting band rendered a modey. Another organ re-tital was given at noon.

#### PLUMBERS ARE STILL OUT.

The master plumbers are still holding out determinedly against the demands of the men for \$6 per day instead of \$5.20 as given heretofore. The strike has been on for two weeks, and the masters claim to have received a number of additional men from the east during the past week, which has helped to relieve the situation slightly. They are still short handed, and with the view of getting more non-union men, one of the master plumbers will leave for the east today. He ers will leave for the east today. He will be absent about two weeks, and while he is away it is expected that he will be successful in inducing sufficient. ficient men to come west to fill the places of those who have struck. The fourneymen plumbers are holding meetjourneymen plumbers are holding meetings but they do not care to talk about
their side. It is known that they have
made no proposition for a settlement,
and it is said to be doubtful if any
froposition short of going back to
work at the old wage would be entertained by the masters, who are at
present confident of winning out in the
dispute.

#### WARD ENTERTAINMENTS

Salt lake will have a new craft on its | is built of soft wood. Spacious cabin waters next week, a tight and staunch launch named Victory, built in Salt Lake City by W. H. Parker. Mr. Parker has done a great deal of the work on it himself, being engaged on it more or less since last August, and with its completion he feels that he has a boat which will weather any storm ever

seen on the lake.
The boat is 33 feet long by 7 feet 4 inches beam. The keel is made of a piece of solid oak 4x5 inches. The hull to a point about one foot above the water line is of seasoned oak, and the ribs are of the best white oak. Much of the interior finish is also of quarter-sawed oak. Before each plank was put Elks and their friends in the city yesterday, and probably the most interesting delegation was that from the cotton states. All of the uprights between the windows, which form the roof supports, are also of seasoned oak, though the roof itself

seats covered with hair cushions are found in the cabin. The seats are all to be made easily convertible into

The motive power will be derived from an 18-horsepower gasoline engine. The propeller is 20 inches in diameter and has three blades. It will make 800 revolutions per minute and the boat, it is said by its owner, will develop a speed of 15 miles an hour under pressure, though the average speed will be

10 or 12 miles per hour.

Fitted in the bow is a water tank of 25 gallons, and a gasoline tank which will hold 60 gallons. In addition there is a storage tank in the stern which will hold 100 gallons of gasoline. A 1,600 candlepower headlight, and a 400 candlepower light for the cabin will be part of the equipment, using gasoline for the illuminant.

The boat, which weighs about two and a half tons, will be taken out to Saltair on a wagon early next week. It now lies at the mill, where the finishing touches are being put on. The outside has been painted in white enamel and handsomely decorated, especially at the prow, where the picture of a mermaid is very conspicuous. The interior will largely be finished in natural world.

Culmer was appointed to draw up a tentative program and report to the next meeting of the committee, to be held at the Commercial club rooms next Wednesday evening. July 14. It is proposed to form a parade of citizens, which will go to the entrance of one of the canyons ofthe Wasatch east of the city, where the Wizard and his retinue will appear and greet his subjects. A reception at the Commercial club will follow, with appropriate music, addresses, etc. It is thought no attempt to hold an outdoor celebration will be made, owing to the close proximity of the G. A. R. encampment, but it is planned to get the thing started so that hereafter it may become an annual affair. When completed, it is the idea to have the festival take form similar to the Mardi Gras in New Orleans, the Rose festival of Portland, the Aksarben at Omaha. pose. B. F. Redman, temporary chair-

The James Kennedy Construction company, which has had so much trouble and dissatisfied with its work on sidewalk extension 108 in the southeastern part of the city, received two contracts yesterday afternoon for two ore sidewalk extensions, comprising 40 miles of walks in the Second and Third wards. The bids amount to \$177,917.40, which was considerably below the other bidders and lower than the city engineer's estimate by \$33,000. The board agreed that the taxpayers who were benefitted by these improvements were obtaining cheap work. For sidewalk extension 126, Kennedy's bid was \$163,219,92, and on sidewalk extension 128 the concern's bid was \$74,-860.48.
